

Tuolumne Historical Railroad Association, Inc. (“THRA”)

2025 Membership Application

(Memberships are on a calendar year basis.)

The goal of THRA is to help preserve and disseminate knowledge about the history of all the railroads of Tuolumne County. We plan to accomplish this by raising funds to acquire or restore key artifacts, preserving and organizing knowledge about those railroads (documents, photos, etc.), and disseminating that knowledge through publications, websites, events, and other media.

We anticipate that many of our projects will be in direct support of Railtown 1897, supplementing the efforts of the CSRM Foundation. However, we do not plan to limit our activities just to Railtown or to the Sierra Railway. We intend also to help preserve the history of the WSLCo, Pickering, Hetch Hetchy, and all the other railroads that comprise the incredibly rich railroad history of Tuolumne County.

THRA is a tax-exempt 501(c)(3) organization. Memberships are tax-deductible.
